STOLE A SMOKE IN THE CLOSET

Says He Went Into Warden's Apart-  
ments to Smoke a Cigarette

(Associated Press)

Joliet, Ill., June 22—It is expected that the name of the convict who murdered the wife of Warden Allen of the Illinois state penitentiary Sunday morning will be known today. "Chicken Joe" Campbell, the negro, trusty and principal suspect has given information on which the prediction is based.

Campbell, who has been in a cell on bread and water and in a standing position most of the time since Sunday, was given the third degree for two hours last night and told enough to center suspicion on one man, according to Deputy Warden Ryan, but he did not confess.

The coroner's inquest was resumed at 10 o'clock this morning. Mrs. Allen was buried today.

All Locked Up.

Fearing a repetition of the demonstration by the convicts every prisoner, including the trustees, was locked up today while Campbell, guarded by twelve men, was rushed to the coroner's inquest.

Told Connected Story.

He was on the stand an hour and a half and will probably be recalled. He told a connected story today, but one important essential contradicted the testimony given yesterday by Turnkey Larkin, who said that Campbell had been in Warden Allen's apartments about twenty-five minutes Sunday morning.

There Three Minutes.

"I was there three minutes," said Campbell, "and my reason for being there was because I wanted to smoke a cigaret. Smoking is against the rules and I concealed myself in the closet a few minutes to smoke."

The inquest was this afternoon adjourned until Thursday.

He said that he found that the people of the warring countries are truly the governing element, and their sovereigns and leaders would risk destruction of themselves and their governments if they were not guided by what they knew was the overwhelming sentiment of their nations. The accompanying photograph of Colonel House was taken at the home of his son-in-law in Roslyn, N. Y., and is the first time Colonel House consented to pose for the camera in fifteen years.

## DIXON ASSEMBLY IS ONE FOR ALL PEOPLE

LOCAL CHAUTAUQUA HAS STOOD LIKE BEACON LIGHT FOR TWENTY-SEVEN YEARS

### GREAT PROGRAM THIS YEAR

List of Entertainments Is One of the Best Committee Has Arranged.

The first announcement regarding the annual session of the Rock River Chautauqua Assembly is always awaited with great interest by every citizen who has the welfare of this community at heart. Ours is a real chautauqua. It was originated by our own people for our own people. It is not for financial gain, but for the social, mental, esthetic and spiritual enjoyment of the people of this community. Its officers and workers are big hearted men who give freely of their money and efforts for this and every other movement whose object is to make Dixon a better place in which to live. It has stood like a beacon light in this community for 27 years. From its platform have been heard prominent men and women from all walks of life like Mr. Bryan, Sam Jones, Mand Ballington Booth and scores and hundreds of the great orators, musicians and entertainers of our time. Unborn generations will bless the men who brought this Assembly of inspiration to their forefathers at Dixon. Best of all, it promises still more. Its working plan is to spend every cent of surplus to build up the Assembly. It gives ticket holders sixteen days of great programs at a cost of a few cents a day. If somebody was getting a profit out of it this could not be done. It is done because ours is a real chautauqua, not a hodgepodge street carnival or hallelu-balloo gotten up to make money for some individual who is ready to fool people for money.

Talk chautauqua. It's worth talking about. Commence now. Fix next summer's dates in your mind. They are July 31 to August 15. Plan to be the first to take tickets for your entire family and for somebody else who can't afford to buy them. Use the chautauqua as a means of shedding sunlight into other hearts and homes. Assume your part of the work. Help the committee with your encouragement. Volunteer for service. Help make the Assembly this year, despite the strife of war, the very best yet. Let this peaceful gathering accomplish much in working good will among us, that we may be helpful to each other. Let's all commence now to boost the chautauqua.

## DECISION KILLS NEGRO VOTE BAR

### U. S. Supreme Court Knocks Out "Grandfather" Clauses.

### SOUTHERN STATES ARE HIT

In Unanimous Opinion Justices Hold Acts Disfranchising Many Negroes Violate Fifteenth Amendment to Constitution—Cases Affect Maryland and Oklahoma.

Washington, June 22.—In a decision so broad as probably to annul "grandfather clause" enactments in every southern state which has adopted such laws, the supreme court held invalid Oklahoma and Maryland legislation aimed at restricting the negro vote. The decision was unanimous.

The decision, in short, was that it is a violation of the fifteenth amendment for a state to select arbitrarily a date, such as 1866, and provide that persons not qualified to vote on that date or whose ancestors were not so qualified are barred from voting, or must submit to voting tests not required of others.

Election Officers Liable. The court further held that election officials who sought to enforce such clauses could be held amenable to law for denying persons a right to vote, and that such officials could not disregard the fact that the fifteenth amendment had stricken out of the state law the word "white" as a qualification of voting.

For more than fifteen years the "grandfather clause" has been inserted in constitutions of southern states. The most popular form has been to exempt from educational and property tests for voting those who could vote in 1866, 1867 or 1868, thus allowing the tests to apply to those who did not vote at those dates.

Gist of Oklahoma Law.

The Oklahoma grandfather clause provides "that no person shall be registered as an elector in this state or be allowed to vote in any election herein unless he be able to read and write any section of the constitution of the State of Oklahoma, but no person who was on Jan. 1, 1866, or at any time prior thereto, entitled to vote under any form of government, or who at that time resided in some foreign nation, and no lineal descendant of such person shall be denied the right to register and vote because of his inability to so read and write sections of such constitution."

Same Thing in Maryland.

In Maryland the clause was inserted in laws governing elections in various cities. In 1908 it was inserted in the law governing municipal elections in the City of Annapolis. It authorized the registration as voters of all taxpayers of the city assessed for at least \$500; all duly naturalized citizens, all male children of naturalized citizens twenty-one years of age and "all citizens who before Jan. 1, 1868, were entitled to vote in the State of Maryland or any other state of the United States at a state election and the lawful male descendants of any person who prior to Jan. 1, 1868, were entitled to vote in the State of Maryland or in any other state of the United States at a state election."

One of the prettiest weddings of the month of June, beautiful in its simplicity, was solemnized this afternoon at 2 o'clock at the home of Mr. and Mrs. Joseph Drew of North Dixon, when their daughter, Miss Olive, was united in marriage to Dr. John A. Guttery of Pilger, Neb. The wedding ceremony, which was performed by Reverend S. J. Lindsay of Oregon pastor of the Church of God of this city, was witnessed by the immediate relatives and a few dear friends of the bride.

Pink and white roses and peonies made beautiful the rooms of the home massed in huge bunches and gracefully arranged in baskets, and also used for the ceremony bower, which was arranged with smilax and other greenery. The bride was charmingly, but simply gowned in her light traveling suit and wore a corsage bouquet of white roses. The ring service was used.

Following the ceremony a two course luncheon was served in the dining room by Misses Gertrude Nesbit and Hannah Madison, friends of the bride, gowned daintily in crepe. Mr. and Mrs. Guttery left amid a shower of rice for Chicago where they will spend a short time before making the trip to their home in Pilger, Neb., where they will be ready to greet their friends after July 1st.

Mrs. Guttery is a young woman of fine qualities and of sincere friendships who will be greatly missed by her Dixon friends. Following her graduation from the North Dixon high school she studied stenography and has been a stenographer for the past five years in the Iowa state institution at Glenwood.

Dr. Guttery, the son of Dr. and Mrs. W. D. Guttery of Norfolk, Neb., is a young man of sturdy, manly qualities and a rising young dentist of Pilger, Neb.

The out of town guests were Mrs. S. J. Lindsay of Oregon, Ill., and Miss Rilla Drew, an aunt of the bride of Glenwood, Ia.

Hoover and his able committee of gentlemen will have charge of the social and they never fail to give something worth while. Boost for Mystic Night, June 25th.

**MELANCHOLY WOMEN**  
Women should understand that "Blues," commonly called the "Blues," is in nine times out of ten a pure symptom of some organic derangement which should have attention. For nearly forty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for such conditions, as proved by many testimonials which we are constantly publishing from women who have been restored to health by its use.

## DEKALB HAS THE RIGHT IDEA.

The DeKalb Chronicle publishes the following interesting plan for county road improvement. Lee county residents should organize for some definite plan of road improvement such as is suggested here:

The fact that the DeKalb County Good Roads association will hold a big meeting again at Sycamore next Tuesday is significant in connection with the fact that the new Tice bill will enable counties to pass bond issues and apply the state aid money on the payment of the bonds.

The Chronicle wants to go on record right here in favor of having this county the first one in the state to have a comprehensive and complete system of highways built by a bond issue.

The new law will enable counties to build their permanent high roads now and let posterity have its share in paying for them. Why shouldn't DeKalb county, leader in every progressive movement, take the lead in this? It is bound to come and would enable us to keep our place among the live counties of the state.

DeKalb county has led in hard road work so far, we have been first in the soil improvement propaganda and have had our example followed by other counties in the country, and we are now to have another chance to keep our place in the lead of things.

With an expenditure of a million dollars a network of concrete roads could be built to touch every township in the county and furnish transportation facilities for all our people. This could be paid for by the county and state in a period of 50 years and would settle our road difficulties for half a century at least, giving us road system unsurpassed anywhere in the world.

Each year as our state aid money comes it could be applied to retire the bonds as they come due and in this way the state funds, much of which come from the auto drivers without adding any burden to the tax payers, would help the local tax payers.

## STACK YOUR GRAIN, MR. FARMER.

The Crop Improvement Committee of the Council of Grain Exchange issued a bulletin headed "Stack Your Grain," and the article explains briefly why this should be done. The Chicago Board of Trade is distributing these bulletins and one has been handed to the Telegraph by one of the local board of trade offices. The advice, which sounds good, is as follows:

Unless some unforeseen calamity should occur the wheat crop this year will exceed the phenomenal crop of last year, and will probably be more than 700,000,000 bushels of winter wheat alone. This means that the threshing outfits, railroads, elevators, etc., will be crowded to the utmost and a great part of the grain will stand in the field stacked for weeks. Therefore, it should be stacked.

Stacking will save grain and straw which might otherwise be spoiled in wet weather.

Stacking will put grain through a complete sweat which will improve quality.

Threshing from the stack requires less help than threshing from the shock, which will equalize the cost of stacking.

Stacking furnishes good storage with absolutely no cost which would prevent glutting the market at any one time.

The grain must be removed for early working of the soil. Stacking makes it possible to plow following harvesting. Early plowing is one of the greatest factors in increasing the yield. Discing the land early is the next best thing.

## GOVERNOR SLATON IS ON THE SAFE SIDE.

Governor Slaton of Georgia has saved Leo Frank, charged with the murder of little Mary Phagan of Atlanta, from hanging. He has commuted his sentence to life imprisonment, and the majority of the people of the United States breathe a sigh of relief at the news, for there has been a serious doubt as to whether Frank was guilty. If he is guilty, he will surely be punished in this world as well as the next, and if he is not, the truth will come out and the state of Georgia will have been saved from the committing of a murder. The bigotry and hatred which has so influenced the trial of Frank is enough to cause the people to give the prisoner the benefit of the doubt. Such an un-American feeling which has been displayed in this famous case is greatly to be deplored.

## WILL BE GREAT CELEBRATION.

A large number of enthusiastic boosters for Dixon toured the country in every direction of this city Monday advertising Dixon's big celebration on Monday, the 5th of July. On every hand they met an encouraging response and the assurance is given that everyone in this section of the state who has any way of getting to Dixon will be on hand to help celebrate on Monday, the 5th. A repetition of the mammoth crowd that enjoyed the 4th here two years ago is positively in prospect if the weather conditions are right and the chances are that even more people will come here as guests of Dixon this Independence Day.

The brick paving on North Crawford avenue adds many more blocks of splendid boulevard to the miles of fine new paving that has been put in in Dixon. The brick street system is one of the biggest advantages of the city and Dixon may justly brag a little about her streets.

Don't kill the birds, boys. Besides being a violation of the law, such an act as the needless slaughter of beautiful song birds is against the principles of sportsmanlike manhood.

The Russians seem to be getting their share of grief just now.

## CURRENT COMMENT

Portland Oregonian: The Century company has just issued a book by Raymond B. Fosdick entitled "European Police Systems." It is a study of the police problems which have been encountered and solved by such cities as London, Glasgow, Berlin, Hamburg, Vienna and Rome. Mr. Fosdick is impressed by the uniform integrity of the European policemen. Mr. Fosdick recommends a plausible reason for the excellence of European police system. The head is uniformly a trained and experienced man "with adequate power." In this country, however, experienced may be, he usually lacks power to make his qualifications effective. City government is a distinct profession in most European countries. It is divorced from politics. This, no doubt, accounts for most of its merits.

## Home Baking Reduces Cost of Living

THE U. S. Dept. of Agriculture in Experiment Station Bulletin No. 142 says that ten cents worth of wheat supplies almost three times as much protein and ten times as much energy as round steak, and with some other cuts of meat, the difference is even greater.

If then, one really desires to reduce her weekly meat and grocery bills, she need only make more use of her oven.

Who ever heard man, woman or child complain that good home-made biscuits, muffins, cake and cookies appeared on the table too often? Instead the tendency is "to make a meal of them" and the variety is so great that something you bake yourself could well be the chief feature of every meal.

## Home Baking is Simplified by the Use of K C Baking Powder

With K C you can make things moist and rich yet have them light and feathery, wholesome and digestible. Biscuits may be mixed the night before and baked fresh for breakfast. Muffins need not be dry and heavy. You can make a cake so light that you can hardly get it out of the pan whole, yet it will not fall.

K C is not like the old fashioned baking powder. It is double acting and continues to give off leavening gas until the dough is cooked through. K C is sold at a fair price—a large can for 25 cents. This would be no object if strength and purity were sacrificed, but every can is fully guaranteed under State and National Pure Food laws and to please. We take all the chances. Your money back if you do not get better results with K C than any baking powder you ever used.

Include a can in your next grocery order, try some of the new recipes that appear in this paper from time to time. Then you will have gone far toward solving this vexing "Cost of Living" problem.

PEORIA WOMAN  
TELLS EXPERIENCE

Mrs. W. L. McClellan, of Peoria, suffered torture from indigestion, gas, belching and other symptoms of stomach trouble. She spent large sums of money for doctors' advice and medicine. Still her condition did not improve. She found relief, wonderful, surprising relief in a drug store window. This is her story, as she tells it: "I suffered so from distention and colicky pains that at times I was completely incapacitated for my household work. I saw a window display of Mayr's Wonderful Remedy and decided to purchase a bottle, which I did. I have taken only one bottle and the results have been really wonderful. I have not had a pain in my stomach since, and let me say that for the first time in many, many months, two days following I have had a natural movement of the bowels. I feel I cannot say enough for the remarkable virtues of your remedy."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

REGULAR HOURS.

I hit the hay at ten o'clock, and then I sleep around the block, till half past five; I hear the early robin's voice, and see the sunrise, and rejoice that I'm alive. From pain and katzemjammer free, my breakfast tastes as good to me as any meal; I throw in luscious buckwheat cakes, and scrambled eggs and sirloin steaks, and breaded veal. And as downtown I gayly wend, I often overtake a friend who's gone to waste. "I stayed up late last night," he sighs, and now I have two bloodshot eyes, and dark brown taste; I'd give a piyaneu to die, for I'm so full of grief that I can hardly walk; I'll have to brace the drug store clerks and throw some bromo to my works or they will balk." But yesterday I saw a man to whom had been attached the can, by angry boss; he wassailed all the night away, and then showed up for work by day a total loss. Don't turn the nighttime into day, or loaf along the Great White Way—that habit grows; if to the front you hope to keep, you must devote your nights to sleep—I tell you those.

## GERMANS SHELL GALICIA CAPITAL

Russians May Retreat to Their Own Frontier.

### INVEST LEMBERG ON 3 SIDES

General Mackensen Sets July 1 as Date When He Expects to Enter City—Russians Will Await Arrival of Guns and Munitions Before Taking Serious Offensive.

London, June 22.—Advance of the Austro-German troops to within eight miles of Lemberg and the attack of the railroad town of Zolkief, eight miles north of the Galician capital, is announced in a Berlin war office statement. While this attack is going on at the gates of the city, the center of General Von Mackensen's line is battering the last of the Russian defenses at a point eleven miles west of Lemberg.

This situation leads to the belief here that the boast of Von Mackensen that he would enter the city by July 1 will be more than fulfilled. As another evidence of the confidence of the Germans that they will take the city at once is the fact reported this afternoon that he Kaiser has assumed supreme command of operations in Galicia.

**Rawa Ruska Captured.**  
Their faith is further supported by the capture of Rawa Ruska, thirty miles northwest of Lemberg, on the railroad which leads through Zolkief to the capital. The Russians are reported falling back all along the Lemberg-Rawa Ruska line.

Advices received indirectly from Lemberg even assert that the Germans' heavy guns are now throwing shells into the outskirts of the city. The Russians who were routed from Grodek have fallen back upon Lemberg, making only a feeble effort to stop the Germans at the line of trenches three miles behind the lakes. The Vienna statement says the Russians have been in general retreat all along their line since 3 o'clock Sunday, having been forced out of their position along the Wereszyca river a short distance west of Lemberg.

**3,000 Germans Slain.**  
A Petrograd statement admits that the Germans broke through the Russian lines at Lubaczow, but insists that they were repulsed, one entire German regiment, more than 3,000 men, having been captured by Russian cavalry.

Military experts here express doubt that the Russian line has been broken. While admitting the truth of the Russian retreat they express the opinion that the Slavs may be retreating in good order, planning to evacuate Lemberg without a fight if necessary and making their determined stand on a line as yet untouched by the Germans.

**Czar Will Fight On.**

Rome, June 22.—A special to the Messagero from its Petrograd correspondent, via Bucharest, states that the czar informed the Italian ambassador, Signor Carloti, that, regardless of temporary discouragements that may arise, Russia will fight the Germans until a final victory is achieved. This statement followed a report that the recent serious reverses to the Russians had led to a determination at Petrograd to conclude a separate peace with Austria.

Russian military circles are, according to the dispatch, stirred over a current report that General Kuropatkin will probably replace Minister of War Sukhomlinov. General Leitch has replaced General Dimitreff, owing to the latter's failure in Galicia.

The entire country, although keenly disappointed with the results of the war to date, is determined to resume the offensive directly that ammunition is available, says the correspondent. Many ammunition plants are being organized.

A high Russian official in Rome in a private interview declared that the allies are determined to force the Dardanelles regardless of cost, and that every effort will be made to complete the operation within the next two months.

### REPORTS SULLIVAN IS UNFIT

Senator Phelan Recommends He Be Dismissed as Minister.

Washington, June 22.—Senator Phelan of California has reported to the president that in his opinion Jas. M. Sullivan, United States minister to Santo Domingo, is temperamentally unsuited for his diplomatic post and has recommended the removal of the minister.

It is known that the Phelan report exonerates Sullivan of the charges of moral turpitude, on which was based the demand for a special investigation of his official acts in Santo Domingo.

## MEXICAN DANGER SEEN BY BRITAIN

Subjects Officially Warned to Keep Out of Country.

### YAQUIS KILL VILLA SOLDIERS

Train Containing Rescuers of Americans Is Wrecked—Fifty Soldiers Are Slain—Admiral Howard Told Not to Land Marines—Indians Would Exterminate Foreigners.

London, June 22.—The foreign office issued a warning to British subjects not to visit Mexico in view of the present condition of the country. The text of the warning follows:

"In view of the existing state of affairs in Mexico, his majesty's secretary of state for foreign affairs desires to warn all British subjects against visiting that country unless absolutely obliged to do so by imperative necessity."

**Yaquis Defeat Villistas.**

Washington, June 22.—The state department and the navy department were alarmed by the news from Consul Simplich at Nogales that the first troops sent by Governor Maytorena to relieve the Americans in danger of the Yaquis had been practically cut to pieces at Jori by the savages.

The Yaquis attacked the train on which Villista soldiers were moving, derailed it, set upon the Mexicans, killed fifty and captured their machine gun. It is understood, however, that there were only a hundred Mexicans on the train, and that Maytorena is sending other troops.

**War on Foreigners.**

This caused the state department to have sent, through the navy department, instructions to Admiral Howard not to land until he has further orders from Washington. Caution is necessary, because a battle between Yaquis and American expeditionary forces would lead to complications. The officials have knowledge, however, that the Yaquis want to wipe out all foreigners in the country, and have advised Maytorena that they will not receive emissaries.

### DEMENTTOWN DOINGS

Possibly the owl is called the bird of wisdom because he waits until everyone else is—or should be—in bed before he does his high flying.

People who have no family tree should not worry. It is always possible for one to branch out for oneself.

From the number of divorces we hear of lately one would easily believe that the sea of matrimony had been mined.

Some women never waste anything. If it is edible it goes into hash; if it isn't it will do to trim a hat.

**Did You Ever Hear Of—**

A luncheon that was not delicious?

A view that was not magnificent?

A business man that was not one?

A business man that was not energetic?

A vaudeville bill that was not unequalled?

A problem that was not knotty?

A sale that was not unprecedented?

A summer resort that was not enchanting?

**Commencement**

When Henry graduated

His parents proudly said:

"He'll land a fat position

And earn our daily bread."

A stipend of ten thousand

They thought that he would draw.

He was the smartest student

The home town ever saw.

Then Henry started looking

For some job good enough.

Of course he couldn't find it;

The bosses were all gruff.

They asked most pointed questions,

In harshest tones they'd speak;

The best job that was offered

Paid seven bones per week.

The graduation essay

The town will ne'er forget;

But as to that position—

Well, Henry's looking yet.

### SAGE TEA PUTS LIFE AND COLOR IN HAIR

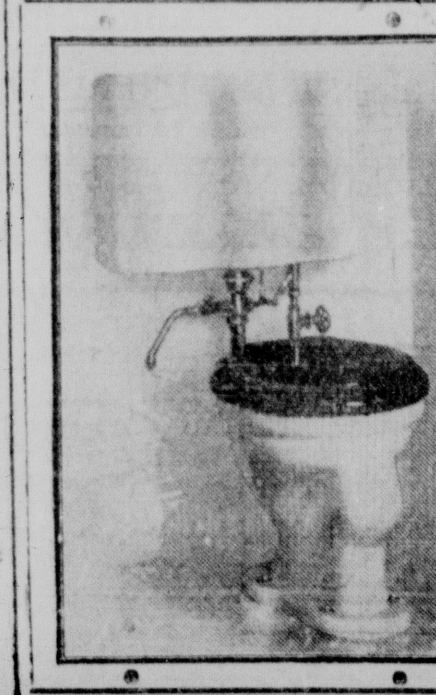

Don't stay gray! Sage Tea and Sulphur deters hair so naturally that nobody can tell.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

## DR. MEYER GERHARD

Envoy of Kaiser Exonerated  
From Sensational Spy Story.

Photo by American Press Association.

MAN WHO POSED AS  
DR. MEYER ADMITS IT

Mystery of Sensational Spy Tale  
Is Cleared Up.

New York, June 22.—Count Von Bernstorff's good faith as German ambassador to this country was assailed last week in news articles charging that Dr. Anton Meyer-Gerhard, German Red Cross lecturer who sailed for Germany under the protection of the United States was really Dr. Meyer, a German army officer. It was further asserted that the ambassador had knowingly tricked President Wilson into giving safe convoy home to a man who had been buying arms and ammunition here and studying America's preparedness for war. There now comes to light a story of a man which, if true, clears up the confusion over the identity of Dr. Meyer and Dr. Meyer-Gerhard. This man, himself a United States citizen, admits that he posed as Dr. Meyer, privy councillor of the first rank and chief of the department of army supplies of the Imperial German ministry of war.

The story of this man, his handwriting, etc., tally with those of the man described by Mrs. Selma Lewis, who declared he was Dr. Anton Meyer-Gerhard. He denies many of Mrs. Lewis' statements and says he is an American citizen who posed as Dr. Meyer in order to obtain evidence of official graft in connection with the sale of Krag-Jorgensen guns, discarded by the United States. He acknowledges he failed to get any evidence whatever on the subject. His story is vouched for by Dr. Carl Schimmel, a German, who introduced him to Mrs. Lewis.

## COURT WANTS MORE LIGHT

U. S. Supreme Body Orders Rehearing of Harvester Case.

Washington, June 22.—The International Harvester company anti-trust case was restored to the docket for reargument by the supreme court. This postpones a decision until fall at least.

The court acted unexpectedly and on its own initiative in ordering reargument of the Harvester case. It had been asked by neither the government nor the company. Rearguments generally are ordered when the court stands very close on a decision.

Fine Cows Poisoned.  
Kokomo, Ind., June 22.—Six cows belonging to Aaron Deardorff, dairyman, were poisoned. Paris green was placed in the feed Saturday. Deardorff had fed six of his herd of twelve cows when he noticed the poison. Bloodhounds from Frankfort have been put on the trail.

Dixon, Ill., Newspapers Merge.  
Dixon, Ill., June 22.—Owners of the Dixon Daily Leader, started a year ago by the Progressives as a morning newspaper, purchased the Dixon Daily News, an evening paper. Edward C. Culler, former editor and publisher of the Dixon Sun, is to be editor of the merged paper.

Denies Carnegie Illness.  
New York, June 22.—Dr. Jasper J. Garmany, Andrew Carnegie's physician, has set at rest rumors that Mr. Carnegie was seriously ill at his home at Bar Harbor, Me.

Russian Composer Dead.  
Petrograd, June 22.—Sergius Tanejeff, the composer and former director of the Moscow Conservatory of Music, is dead at the age of fifty-nine.

FOR RENT. Several splendid office rooms in Evening Telegraph building. They are modern, hardwood finish, running water, electric light, large, airy rooms.

## A BIT OF ADVICE

FIRST—DON'T DELAY. SECOND—DON'T EXPERIMENT.

If you suffer from backache; headaches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Dixon residents desire more convincing proof of their effectiveness than the statement of a Dixon citizen who has used them and willingly testifies to their worth?

Mrs. J. Caritey, 511 Spruce street, Dixon, says: "Some few years ago I suffered from a severe attack of kidney trouble. My back was so sore that I couldn't walk erect and mornings it was hard for me to get out of bed. It was next to impossible for me to stoop over. I had tried various medicines, but they had no benefit and had about given up hope of getting better. A friend recommended Doan's Kidney Pills so I got some at Leake Bros. Co.'s drug store. By the time I had finished two boxes I was able to sit up in bed and my back felt stronger. I used eight boxes and had no more trouble until I injured my back a short time ago. Doan's Kidney Pills then gave me immediate relief."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Caritey had. Foster-Milburn Co., Props., Buffalo, N. Y.

**SON GUARDS SECRET OF FATHER'S THEFTS**

Secretary of Loan Company Is Short for 12 Years.

Cairo, Ill., June 22.—Elmer E. Comings, acting secretary of the Cairo Building and Loan association, who confessed that his father, the late Judge Alfred A. Comings, secretary of the association up to the time of his death, was short in his accounts, said he could not bear to see his father sent to the penitentiary.

Judge Comings, who had been secretary of the association the last twenty-five years, died two weeks ago. His son's confession was made at a meeting of the board of directors of the association. He told the directors that his father's defalcations might total \$60,000.

The alleged shortage is said to have covered a period of twelve years. The exact amount will not be known until Wednesday, when J. J. Boggs of Fairfield, state building and loan examiner, completes his examination of the books of the association.

It is said that Judge Comings' shortage amounted to \$10,000 when Elmer Comings first learned of it.

Each year, it is alleged, following the discovery of the shortage it was necessary to raise money to pay interest on the fake loans. This money also was obtained by appropriating money paid in on loans.

**TRAIN IS WRECKED IN STORM**

Bridges Out and Crops Damaged by Wind in Southern Illinois.

Carmi, Ill., June 22.—The wind wrought heavy damage in its sweep over southeastern Illinois. Carmi wagon bridge, erected in 1877, went down, and dwellings, barns and telephone lines felt its force. A heavy rain battered the growing corn into the ground.

Four coaches on a Louisville & Nashville passenger train went into a ditch fifteen miles west of Carmi. No lives were lost.
